

## **PIZZA HAND MODEL WANTED**

We're looking for someone to give us a 'hand' with promoting the next range of delicious Domino's Pizza products. Someone who can remain *palm* under pressure while holding the hottest, cheesiest co-stars in the business; who has all the right (and left) moves to increase appetite appeal; and who will preferably not eat the props before the shoot is over.

### **Ideal Candidate:**

- Is a master at shadow puppets. Hand flexibility and creativity is a must.
- Can execute a perfect cheese stretch.
- Thinks using a knife and fork to eat pizza is weird.
- Is never that one person in the group photo who doesn't know what to do with their hands.

### **Experience & Qualifications:**

- Must have 18+ years in pizza holding experience. (In other words, you must be 18 years or older).
- Hands so clean and soft you could butter garlic bread with them.
- Can lift a minimum of four pizza slices per hand and hold very still for long periods. Strong and steady hands are essential.

### **About the Role:**

Spend the day at Domino's Support Office in Brisbane, Queensland, modelling the next big pizza thing – includes a tour of Domino's top secret Innovation Kitchen, striking some poses in a professional photo studio and, of course, enjoying a delicious pizza lunch!

Note: The successful candidate must also be willing to pinkie promise (sign an NDA) that they won't share confidential menu information following their visit.

### **To apply:**

Show us why YOU would nail being **Domino's Pizza Hand Model** with your best photo or 30 second video demonstrating your pizza holding, pizza pointing or otherwise pizza promoting abilities!

To apply, please submit your application here:

<https://newsroom.dominos.com.au/handmodelsearch>

Applications close midnight Monday, 20 May 2024.

Then keep your fingers crossed!
